COMMUNICATIONS MISCELLANEOUS

Dear Mayor and City Council,

I have a complaint about cars parked on ones property without updated license plates. I got a ticket for parking my dir in my driveway with an expired plate by an officer Calhoun last year. I didn't know it was an offense to park it in my own driveway without the proper plates. I did not contest it and chalked it up as live and learn. My complaint to you is why doesn't the same law apply to this officer? He has had a car in his driveway for at least 3 months with a temporary plate expiring in March of 2006. It is right in front of a van in his driveway which has had a flat tire on it for at least a week which I also learned is an offense. If he is so ticket happy, I request that he write himself a couple of tickets for these violations. To make matters worse, he has a three car garage in which he could park them in which I didn't have the luxury to do with my car.

Yours truly,

Michael Mayworm 3645 4th Street

Dr. Ghazwan Atto's office is located on the corner of Cedar St. and Fort St. Back in October of 2006 we had requested permission to park alongside the office on Cedar St. We were told after the construction that we could request permission for Dr. Atto and his Staff to park alongside the office on Cedar St. Now that the construction is done we, would like permission to park on Cedar St. next to the office.

Thank you,

Honorable Mayor & Council,

Thank you for this chance to address you in regards to an issue that requires attention.

ORDER OF EVENTS:

Wed. 2/28/07 Phoned DPS (2 times) and then spoke with employee on site, regarding standing water in alley that was entering our backyard. (Had vacuumed up approx. 3-4 gallons that a.m. minimum amt.) Employee acknowledged problem and he said "we'll put you on list for spring". We agreed that grade and drainage conditions were in need of repair.

Thurs. 3/1/07 Approx. 12:15 noticed large amt of water in basement as well as backyard that was filling with heavy flow of water from alley excess run-off. Approx. 4-6 inches. Immediately went to speak with Engineer Dept and City Hall. Spoke with City Engineer and explained situation – was told "we'll put you on the list for spring".

Engineer asked me "what would you like me to do?" We acknowledge ground conditions and I mentioned a new vac-all unit and the possibility of that as a remedy. As well making sure drains in alley were clear. After a brief exchange with Engineer, I left City Hall and returned home. This was approx 1:45 p.m. and started pumping water for the next 12 hours.

Called Sutka at home

Fri. 3/2/07 – 0700 – finish water clean up and set fans for drying. In total water removed in excess of 500 gallons. Approx 9:00 – 9:30 a.m. DPS arrived and cleaned off alley.
1 end loader 3 employees 1 dumptruck approx. 2hrs 1 grader

I asked the DPS employee about the possibility of checking drains in alley to insure they were clean. He stated “we checked the maps and there are no drains in the alley”. I thanked them for the grading job, etc. Finished clean up in basement.

Sat. 3/3/07 walked alley to check for any other low areas and standing water. Noted several areas that need to be corrected in addition to 2 manhole drains which I marked with orange paint for future reference. 3560 3614

I would like to request that this entire alley be surveyed and graded to correct the drainage problems that exist!

This is the 2nd time in 6 yrs our basement has flooded due to circumstances we as homeowners have no control over.

City has obligation to maintain its property in such a manner as to not cause damage to residents’ property.

Sincerely,

Michael Myceek, 3508 15th, 282-2389

Cynthia Montgomery, 354 Kings Hwy, her dog attacked by pit bull dog (neighbor’s dog). Aggressive animals. Requesting Council do something about the 3 dogs next door. Looking for corrective action.

Dear Mayor and Council Members:

On February 24, 1997, the City and AT & T entered into an Antenna Site License Agreement for 1077 Grove for a ten (10) year term. Since then, Cingular Wireless has become the successor to AT & T. Cingular Wireless desires to terminate their agreement since they also have a land lease with the City for their monopole at Marshall and 6th Street.

Cingular Wireless provided proper notice to the City to terminate their license agreement with the City. Enclosed is a release and settlement agreement reviewed and approved by the City Attorney. Therefore, I recommend the enclosed resolution be adopted authorizing the Mayor and City Clerk to sign the document.

Very truly yours,

HEARING

HEARING ON BROWNFIELD REDEVELOPMENT
SITE #10 CONSISTING OF THE PROPERTY
LOCATED AT 2323 EUREKA AND 3301 FORT STREET

March 1, 2007

The Honorable Mayor James R. DeSana And City Council, City Hall

Dear Mayor and Council,

The enclosed resolution approves the Brownfield Redevelopment Plan for Site No. 10, consisting of property at 2323 Eureka and 3301 Fort Street at the southeast corner of Fort and Eureka (Enclosure 1). The Wyandotte Brownfield Redevelopment Authority (the "WBRA") conditionally approved the Plan on January 16, 2007 (Enclosure 2).

To summarize, the site plan for the project includes: (a) demolishing the existing structure at 2323 Eureka and constructing a 4,228 square foot commercial development; (b) constructing a 580 square foot addition to 3301 Fort St; (c) a new "City of Wyandotte" entryway sign at the southeast corner of Fort and Eureka; (d) face brick on all new and existing structures; and (e) miscellaneous site improvements, including decorative light fixtures and landscaping along Eureka and additional landscaping and trees along 23rd Street (see Appendix 4 of the Plan). The estimated value of the new real and personal property investment is \$685,000. The Planning and Rehabilitation Commission approved a revised site plan on February 15, 2007 with several conditions.

If approved, the Brownfield Plan will fund activities identified on page 5 of the Plan, including reimbursing the developer for up to one-half of the demolition expense, and the City of Wyandotte for construction of an entryway sign. It is anticipated that the developer will be reimbursed through a City of Wyandotte fund upon issuance of a Temporary Certificate of Occupancy for the project, and the City will be reimbursed through the Plan with interest (at approximately 5.25%) over a period of approximately 26 years. A Reimbursement Agreement between the Authority and the developer, and between the City and the Authority, will be prepared and presented to the Authority and Council for approval at a later date. It should be noted that the Plan contains several estimates that are subject to change, including an estimated Taxable Value for the building at 2323 Eureka (the assessed Taxable Value as of 12-31-2006 was appealed to the City's Board of Review due to fire damage to the structure).

The undersigned recommends that the Council adopt the following resolution (Enclosure 3) approving the Plan and the utilization of a City of Wyandotte fund to initially fund eligible expenses.

Very truly yours,

Joseph M. Voszatka, Community Development Director
