RE: Great Lakes Multiple Sclerosis Walk a thou Event Approval

Dear Mayor and City Council Members:

Jim Knopp and I met last week with Jeff Bross, the representative Great Lakes Multiple Sclerosis Walk a thon proposed and planned for Sunday May 4<sup>th</sup>. We have reviewed the attached special event application. The Yack Arena is being used as the base to begin and end the 3.2 mile walk. The route is downtown along the sidewalks. The organization expects up to five hundred walkers over the course of the event. Attached is their request and application. Details of the route and rest areas are given on their attached maps and diagrams.

The group will require a closure at the entrance to Yack Arena Parking lot at Sycamore Street and at Maple Street. Gary Ellison, DPW is aware of the barricades needed and will arrange for those. I also contacted Dan Grant and he indicated police reserves are available for crossing assistance at the heavy volume intersections.

Please authorize approval for this special event. Thank you.

Sincerely,

Lisa Hooper, Executive Director, DDA

RE: Addressing Issue of Damage to Neighboring Properties from Contractors and Property Owners

Dear Mayor and City Council:

The above referenced matter was referred to my office for review and a report back. I have reviewed this

matter with the City's Engineer Department and have also conducted a summary of neighboring communities to see how this matter is handled. The neighboring cities generally will contact the offending contractor to see if the matter can be resolved and if it is not, then it results in a civil matter between the property owner and the contractor.

A suggestion was made that the City or contractor would be required to send a notice prior to commencing work within the City to neighboring property owners within a certain distance. However, it is my opinion that this would create a lot of paperwork and checking by the City and in the end would not provide any greater enforcement by the City in the event of any property damage. However, I would recommend that the City adopt an ordinance creating a municipal civil infraction for civil trespass in those instances where a contractor or property owner causes damage to neighboring property and fails to rectify the situation. In addition, the ordinance may provide for a lesser fine against the offender in the event they would correct the situation with the neighbor or pay any restitution when warranted.

Respectfully submitted,

RE: Updated Massage Ordinance

Dear Mayor DeSana and City Council Members

Enclosed please find a proposed Ordinance to regulate massage establishments and outcall massage services for a First Reading. I have had this reviewed by the Chief of Police, the City Engineer and the City Clerk. The purpose of the Ordinance is to update and replace our current Ordinance and to regulate massage establishments and the administration of massages at a location designated by the customer.

The Ordinance requires a permit for any masseuse and also requires any massage establishment to obtain a license. The Ordinance prohibits lewd acts and permits inspections of each massage business establishment by the Police Department to verify that the provisions of this Ordinance are fully complied with. Any existing massage parlors may continue under their current Ordinance and will be required to comply with this Ordinance when their current City license expires.
