A bona fide owner of a single-family residence which is , or will be on completion his/her own place of residence, and no part of which is used for rental or commercial purposes, nor is now contemplated for such purposes, may do his/her own work, providing he/she applies for and secures a permit, pays the fee, does the work himself/herself in accordance with the provisions of the codes and rules of the City of Wyandotte, applies for inspections and receives approval of his/her work by the appropriate inspection authority. Failure to comply with these requirements will subject the owner's permit to cancellation.

In making the application, I realize I am assuming the responsibility of a licensed contractor for the construction and/or installation of the work mentioned in the permit. I further agree that I shall neither hire any other person for the purpose of constructing and/or installing, nor sub-contract to any other person, firm, or corporation any portion of the construction and/or installation of equipment at the above premises.

I agree to request inspection as required by City Ordinance and Department Rules and to keep all parts of the construction and/or installation exposed until the Department of Engineering and Building has accepted the construction and/or installation as being in compliance with the Code Requirements.

I certify that I will perform the work under the requirements of the above rules governing homeowner's permits.

I further agree to correct all violations and will provide access to the premises between the hours of 9:00 a.m. to 5:00 p.m., Monday through Friday for necessary inspections.
